AUTHORIZATION

This Roster is published under the authority of the following enactment of the Eighty-third General Assembly of Ohio, approved May 7, 1919, as follows:

AN ACT

Providing for the publication and distribution of the roster of Ohio soldiers, sailors and marines engaged in the war with the Central Powers of Europe.

Be it enacted by the General Assembly of the State of Ohio:

SECTION 1. The governor, secretary of state and adjutant general are hereby authorized to prepare and secure the publication in book form of a complete roster of all Ohio soldiers, sailors and marines who entered the service of the United States in the war of 1917-19 with the Central Powers of Europe. The preparation of such roster shall be under the direction and supervision of the adjutant general who shall employ such assistants and incur such expenses as may be necessary and the compensation of such assistants and such expenses shall be paid out of the state treasury on the warrant of the auditor of state upon the presentation of vouchers signed by the Adjutant General.

SECTION 2. Such roster shall contain the principal items of the record of each soldier, sailor or marine as shown by the rolls in the office of the adjutant general of Ohio and in the war and navy departments of the United States. In the preparation of such roster all names shall be arranged in alphabetical order if possible, or in such a manner as to render all information contained therein readily accessible. Preparation of the roster shall begin as soon as possible and continue until the work is completed.

SECTION 3. The contract for the printing of the roster shall be let to the lowest and best bidder, and such contract may be let for the entire roster or bids may be taken for the printing of each volume as completed. The binding shall be done at the state bindery under the direction of the supervisor of public printing and the General Assembly shall make proper appropriations therefor. Not more than ten thousand copies or sets of such roster shall be printed and when completed shall be delivered to the secretary of state.

SECTION 4. The distribution of said volumes shall be under the direction of the secretary of state and shall be as follows: To each member of the general assembly, ten copies or sets; to the adjutant general, for distribution to the adjutants general of each state and territory, and proper officials of the navy and war departments of the United States, one hundred copies or sets; to each elective state officer of Ohio, to be kept as a part of the official records of his office, one copy; to the state library, one hundred copies for exchange and ten copies to be retained perma-

nently therein; to the Ohio Archæological and Historical Society, twenty-five copies; to each public library of the state, one copy; to each college or university library, one copy; to each county recorder, to be kept by him in his office and transferred to his successor as other public records, one copy. The remainder of said copies after such distribution shall be placed on sale by the secretary of state at a price to be fixed by the commissioners of public printing. The secretary of state shall keep a record of such sales and shall in the manner provided by law, pay into the state treasury weekly the amounts so collected by him, until all of said volumes are sold.

SECTION 5. For the preparation and printing of the roster as provided for in this act there is hereby appropriated out of any moneys in the state treasury to the credit of the general revenue fund and not otherwise appropriated, the sum of fifty thousand dollars, and the general assembly may from time to time appropriate such other sums as may be necessary to carry out the purpose of this act.

CLARENCE J. BROWN,
President of the Senate.
CARL L. KIMBALL,
Speaker of the House of Representatives.

Passed April 17, 1919.
Approved May 7, 1919.

JAMES M. COX,
Governor.

Filed in the office of the secretary of State at Columbus, Ohio, on the 8th day of May, A. D., 1919.

H. J. R. No. 39—MR. HADDEN.

Relative to the distribution of rosters of Ohio soldiers, sailors and marines.

WHEREAS, Under the provisions of an act passed April 17, 1919, entitled "An act providing for the publication and distribution of the roster of Ohio soldiers, sailors and marines engaged in the war with the central powers of Europe," an allotment of ten sets of such roster was made to each member of the General Assembly; and

WHEREAS, Under a ruling of the attorney-general such rosters cannot become the personal property of members and a different distribution is advisable; therefore,

Be it resolved by the General Assembly of the State of Ohio, That one set of the above roster be given to each member of the General Assembly and the remaining sets, except as are otherwise provided for in the above act, be placed in the custody of the secretary of state and distributed to the various posts of the American Legion and to such other organizations and individuals as the commission authorized to secure the publication of such roster may decide are entitled to the same.

Mr. Hadden moved that the rules be suspended and the resolution be considered at once.

The motion was agreed to and the resolution was taken up.

The question being, "Shall the resolution be adopted?"

The resolution was adopted.

Wednesday, April 20, 1927.

INTRODUCTION

These volumes, constituting the Official Roster of the Ohio Soldiers, Sailors and Marines who served in the World War, contain the names and records, briefly compiled, of the men from this state who responded to the call of the President when the United States entered the great conflict. The task of assembling the data for the roster was started soon after the state authorized the volumes. It extended over many months. The task was a difficult one, and every precaution was taken to the end that the final product might lack nothing in accuracy.

The records of the Ohio men and women who served in the late war were recorded on cards kept in the custody of the War Department. They appear in this Roster as they were transcribed from these cards. It was necessary to make compilation from 263,000 cards. It is inevitable that there be errors. In not a few instances the information originally furnished is inaccurate and can be checked only by those who gave it originally. In other cases, cards from the War Department records pertaining to Ohio were sent to other states. As errors are discovered, however, the proper corrections will be made, probably through a separate volume when the complete roster has been issued.

In these books are the names of the 263,000 men and women who entered the military and naval service of the United States in some branch or other; who volunteered or who elected to take their turn in the draft; who chose or who were assigned to the army, navy or the marine corps. In one manner or another they offered themselves. And in these books are the names of the 6,800 who went out not to return alive. It did not fall to the lot of all who entered to engage in combat against the armed enemies of the United States; duties to which they were assigned took them elsewhere. But in whatever capacity fate decreed that they should serve, this roster will record for all times that when the crisis came they served.

It is no part of this bare recital of fact to chronicle the history of the part these men played in the conflict, other than to write their names and the meager data recorded in the official records. It is no part of the duty of those who compiled these volumes to enter upon any eulogy of the men vitally concerned. That the Sovereign State of Ohio is proud of the part played by those of her citizenry who offered themselves, however, is amply witnessed by this, the permanent record which she now presents to perpetuate their names.
